Notice of Understanding and Intent and Claim of Right

Sent To: Ms. Loretta E. Lynch current United States Attorney General, And Ms. Pam Bondi current Attorney General for State Of Florida.

Automatic Estoppel Effective December 21, 2016

i: man Gerard Edwin Family of: Charles, Thy claimant herein present to any and all agents and all representatives of any and all local states and federal government agencies with a Notice of Understanding and Intent. i: am sending this letter out as a courtesy in order to avoid any further confusion or potential conflict. i: am now expanding the reach of my discourse in order to maintain my honour and ensure maximum clarity between myself and all agents of government. After receiving this letter, please expect a Notice of Understanding and Claim of Right in order to ensure maximum clarity amongst all parties. As a peaceful man desiring to avoid conflict and live lawfully with maximum freedom, i: have recently been studying the history of the United States of America along with its legal system and have come to some very interesting conclusions. After reading various acts and exploring the way language is used in those acts, i: have realised that "lawful" and "legal" are not always the same. It also appears that all acts and statutes in the United States America are only contracts based in commerce. Therefore i: am now contacting the various government officials named above in the hopes that someone can either confirm or correct my understanding. If you do choose to respond with corrections, i: must insist that you do so within Ten (10) business days of service of this letter, in writing, via registered mail and provide proof of your claim, under oath or affirmation with full commercial liability and penalty of perjury.

A lack of response or response that does not contain proof of my mistaken understanding, on a point-by-point basis, will be assumed to imply agreement with my understanding. Failure to dispute the claims made herein will result in an automatic default judgment and permanent and irrevocable estoppel by acquiescence. Now, specifically in The United States of America: understand that there is both a common law and statute law tradition, which is interesting, because it: also understand that a statute is a legislated rule of a society, which has the force of law upon members of that society; a society being a fictional legal entity such as a corporation. it: also understand that the Government of the United States of America is not a nation as it: thought it was, occupying a geographical location, but instead merely a corporation with de-facto authority, rather than lawful. This corporation can only make corporate/contract law that has the force of law only upon its consenting members.

From my research, the "law of the land," is the peaceful common law, which is not influenced by acts and statutes. Under common law, the rights, freedoms, and duties of private individuals have long been established and unlike statute law, common law has had a progression towards more freedom and personal responsibility rather than less. Among the rights and freedoms understood by common law are such things as the rights to life, liberty, the pursuit of happiness, property, and use thereof, privacy, peace, and the ability to travel freely in public without harassment or intimidation. The obligations and duties of those living under common law are essentially to ensure that one does not infringe or allow others to infringe upon those unalienable rights and freedoms. it: have also learned that the rights of a free spiritual being cannot be lawfully limited without consent, as that would imply slavery. Effectively, rights are not bestowed upon one by another unless the first gives his/her consent, or the first is the lawful property of the second.

The very nature of the concept of consent is that it can only exist amongst equals with full disclosure and without coercion. it: do not recall ever being sold or purchased as a slave, nor do i recall giving my free consent to be governed or represented by any governmental agent, although at times it: have been deceived and intimidated into submission. Although the various rights and freedoms are self-evident and unalienable, in order to be. In order for lawful representation to exist, there must be mutual consent, and that consent may be revoked for any reason depending on the nature of a specific contract between the two parties.

it: am hereby notifying all who read this and any other interested parties that i have revoked my consent to be governed by fictitious corporate entities with which it: do not have a subsisting contract. it: declare that it: am neither a child nor a slave, but a self governing private man capable of administering my own affairs.

NOTICE OF UNDERSTANDING AND INTENT AND CLAIM OF RIGHT

As a duly noted member of The Family of Charles, of the united States of America, i Gerard Edwin: Charles ©, The Secured Party Creditor and Natural Free Man of the Land honorably present this:

1. Whereas it is my understanding the united States of America is a Common Law jurisdiction, and,
2. Whereas it is my understanding equality before the law is paramount and mandatory, and, Whereas it is my understanding a statute is defined as a legislated rule of society which has been given the force of law, and,
4. Whereas it is my understanding a society is defined as a number of people joined by mutual consent to deliberate, determine and act for a common goal, and,
5. Whereas it is my understanding the only form of government recognized as lawful in the united States of America is a representative one, and,
6. Whereas it is my understanding representation requires mutual consent, and,
7. Whereas it is my understanding that in the absence of mutual consent neither representation nor governance can exist, and,
8. Whereas it is my understanding those who have a SSN (Social Security Number) are in fact employees of the federal government and thus are bound by the statutes created by the federal government, and,
9. Whereas it is my understanding that it is lawful to abandon one's SSN, and,
10. Whereas it is my understanding people in the united States of America have a right to revoke or deny consent to be represented and thus governed, and,
11. Whereas it is my understanding if anyone does revoke or deny consent they exist free of government control and statutory restraints, and,
12. Whereas a Freeman-on-the-Land has lawfully revoked consent and does exist free of statutory restrictions, obligations, and limitations, and,
13. Whereas i, Gerard Edwin: Charles©: am a Natural and Freeman-on-the-Land, and,
14. Whereas it is my understanding that acting peacefully within community standards does not breach the peace, and,
15. Whereas it is my understanding that any action for which one can apply for and receive a license must itself be a fundamentally lawful action, and,
16. Whereas as i am a Freeman-on-the-Land who operates with full responsibility and ability to handle my own affairs, and not a child, i do not see the need to ask permission to engage in lawful and peaceful activities, especially from those who claim limited liability, and,
17. Whereas it is my understanding a by-law is defined as a rule of a corporation, and,
18. Whereas it is my understanding corporations are legal fictions and require contracts in order to claim authority or control over other parties, and,
19. Whereas it is my understanding legal fictions lack a soul and cannot exert any control over those who are thus blessed and operate with respect to that knowledge as only a fool would allow soulless fictions to dictate ones actions, and,
20. Whereas it is my understanding that i have a right to use my property without having to pay for the use or enjoyment of it, and,

21. Whereas it is my understanding that a summons is merely an invitation to attend and the ones issued by The United States or any of its agencies creates no obligation or dishonor if ignored, and,
22. Whereas it is my understanding peace officers have a duty to distinguish between statutes and law and those who attempt to enforce statutes against a Freeman-on-the-Land are in fact breaking the law, and,
23. Whereas I have the power to refuse intercourse or interaction with peace officers who have not observed me breach the peace, and,
24. Whereas permanent estoppel by acquiescence barring any peace officer or prosecutor from bringing charges against a Freeman-on-the-Land under any Act is created if this claim is not responded to in the stated fashion and time,
25. Therefore be it now known to any and all concerned and affected parties, that I, Gerard Edwin Charles, a Freeman-on-the-Land do hereby state clearly specifically and unequivocally my intent to peacefully and lawfully exist free of all statutory obligations restrictions and maintain all rights at law to trade, exchange or barter.
26. Furthermore, I claim that these actions are not outside my communities' standards and will in fact support said community in our desire for truth and maximum freedom.
27. Furthermore, I claim the right to engage in these actions and further claim that all property held by me is held under a claim of right.
28. Furthermore, I claim that anyone who interferes with my lawful activities after having been served notice of this claim and who fails to properly dispute or make lawful counterclaim is breaking the law, cannot claim good faith or color of right and that such transgressions will be dealt with in a properly convened court de jure.
29. Furthermore, I claim that the courts in The United States are de-facto and are in fact in the profitable business of conducting, witnessing and facilitating the transactions of security interests and I further claim they require the consent of both parties prior to providing any such services.
30. Furthermore, I claim all transactions of security interests require the consent of both parties and I do hereby deny consent to any transaction of a security interest issuing under any Act for as herein stated as a Freeman-on-the-Land I am not subject to any Act.
31. Furthermore, I claim my FEE SCHEDULE for any transgressions by peace officers, government principals or agents or justice system participants is TWO THOUSAND DOLLARS PER HOUR or portion thereof if being questioned, interrogated or in any way detained, harassed or otherwise regulated and TWENTY THOUSAND DOLLARS PER HOUR or portion thereof if I am handcuffed, transported, incarcerated or subjected to any adjudication process without my express written and Notarized consent.
32. Furthermore, I claim the right to use a Notary Public to secure payment of the aforementioned FEE SCHEDULE against any transgressors who by their actions or omissions harm me or my interests, directly or by proxy in any way.
33. Furthermore, I claim the right to convene a proper court de jure in order to address any potentially criminal actions of any peace officers, government principals or agents or justice system participants who having been served notice of this claim fail to dispute or discuss or make lawful counterclaim and then interfere by act or omission with the lawful exercise of properly claimed and established rights and freedoms.
34. Furthermore, I claim the law of agent and principal applies and that service upon one is service upon both.
